

# Board members

## Guy Stenson

Guy has been a board member since 2018 and is the chair of the audit & risk committee, which focuses on the association's risks and the mechanisms needed to be put in place to manage those risks.

Guy wants to be part of an association that genuinely makes a difference – stands up for what it believes in – is both the best possible landlord providing safe, warm, sustainable and affordable homes and the best possible employer it can be.

Guy and his family have lived in Newport for the last six years and in the area for nearly 25 years. Guy wants the city he calls home to be a place where everyone can thrive and succeed, be themselves, where difference and diversity is celebrated.

Guy brings his experience to the association in a way that adds value and has a "lived" experience, insight and learning gained over time to the board, along with his professional experience gained through his career working across the boundaries of health, social care, community development and housing in different communities across England and Wales.
