

Board members

Samantha Williams

Samantha was a successful applicant at the board member recruitment campaign and following the AGM will be a co-optee and a member of the audit & risk committee.

Samantha is looking forward to seeing how the communities in Newport grow as a result of the exciting development and regeneration aspirations of the association whilst continuing to maintain the close community spirit.

Samantha was born in Newport and has lived here for most of her life, apart from a short period when at university in Birmingham. Samantha is passionate about Newport and the people who live in it.

Samantha has an educational background, along with senior leadership skills and hope to bring her experience of living in the communities across Newport to the board.
