

21<sup>st</sup> October 2024

Dear Resident,

We are writing to inform you that we are due to commence the drainage diversion works along Hendre Farm Court (Purple) plus the installation of new HV cables to run to the new substation (RED).

We are commencing these works on Monday 28<sup>th</sup> October and will complete the majority of the works by Monday 18<sup>th</sup> November. The works require installation of traffic management to reduce the road to a single lane of traffic, whilst the drainage installation is underway.

The works have been programmed specifically to ensure we do not impact school half term time.

Please do not hesitate to contact me if you wish to discuss this further, or to arrange a meeting if required.

Sincerely,

Joe Hawkins  
Lovell Site Manager
